TWO GREAT CONFLICTS EAST AND WEST ARE STILL HANGING IN THE BALANCE

Violent Actions Are Reported Between Allies and Germans But the Enemy Has Not Made Progress—Contention That Germans Driven to West Flanders Seems Incorrect—British Navy is Aiding Land Forces—Russians Claim Victory Which Germans do Not Admit Near Warsaw—Little Change in East Prussia

By Bulletin Leased Wire.

LONDON, Oct. 21—9:30 p.m.—Although the allies and the Germans have been delivering attacks and counter attacks and fighting of a fierce character has been almost continuous for a week or more, no decision has been reached in either of the battles—in West Flanders, Northern France or in East Prussia, Poland and Galicia. This is clearly evident from the reports issued officially at the various headquarters, which today contain comments with recounting the fact that violent attacks have been made. The French, however, claim the allies have remained firmly in their positions and have made progress in movements at various points in the west.

According to the French communication, the Germans made attacks against the allied right at Notre Dame de Lorette, Ablain-St. Nazaire, Carency, Ste. Marie, Souchez and Le Bassee, while the German general staff reports fighting continued on the Yser canal, and that the Germans taking the offensive west of Ypres, have repulsed the French at several points.

These reports seem to dispose of the very optimistic accounts appearing in the English newspapers from correspondents who claimed they were in West Flanders and who stated that the Germans had been driven back.

British Navy Helps Allies.

The Germans, however, are believed here to be fighting with all their advantages, especially along the coast, as the British ships which have been assisting the allies land forces have long range guns that would be capable of making things very uncomfortable for the ammunition trains and supply convoys, which must necessarily in the immediate rear of the troops and also for the men in the trenches and the Germans gunners.

While no official information is available as to the ships which are being used for this purpose, it is probable that they are the three monitors which are being constructed in England for the Brazilian government, also the war vessels and aircraft which were bought by the admiralty.

These monitors, which have been renamed Mersey, Humber and Severn, draw less than nine feet of water and could take up positions well inshore, from which their six-inch guns and 12 inch howitzers, of which each vessel carries two, would be able to throw shells nearly four miles across country, the range being given them by airmen.

German Submarines Pursue.

The allies's sealing fleet also have not been allowed to carry out their practice in peace, but have even the German submarines have followed them down the coast and while they have been shelling German coast towns made attacks on them. These attacks, however, were made under the close presence of British destroyers. One account says the submarines suffered losses, but this statement has not been confirmed.

It has been remarked that the submarines and aeroplanes, which in times of peace have proved themselves the most dangerous arms of the two services, have suffered little loss since the war commenced and have been doing splendid work, traveling thousands of miles. The battles on land are being contested with a fearlessness and stubbornness which would indicate that fatigue and exhaustance is placed on the positions held by the opposing armies. When a town is reached, street fighting generally develops, such as that which took place at Ypres last week. First one side gains an advantage, only to lose it when the other side brings up reinforcements.

Allies Hold Important Point.

This far, the allies have been able to hold Ypres, which is considered an important point as it supports the allied force thrown out toward Roulers and seemingly endangers the rear of the German army advancing toward Dixmude and the coast.

The movements of the allies are striking hard at the French line in the vicinity of La Basse and have made considerable progress along that line. French force which for many days has been engaged with the fortress of Lille.

Along the rest of the line from west to east, the French communication says there is no notable change, while the German staff ignores that part of the line in its latest statement. These reports doubtless mean that neither side has made any considerable advance. It is not believed the French that there has been a cessation in the fighting rather on the contrary, where the French are trying to drive the Germans away from the coast and Carna Roumaine, or at Belford, which the Germans are attacking.

Fighting Becomes Desperate.

Of the fighting in Russia, the German official report today says no decision has yet been arrived at, but the Russians make a claim of victory which if any thing indicates a very severe battle.

An official report received from Petrograd says that German troops which were advancing toward Warsaw in the region north of the Pilitza River have been repulsed and are now in full retreat. They left their wounded on the field. The Russians, according to this report, have assumed the offensive in the Suwalki district, marching on the left bank of the Vistula south of the Pilitza region as far as Sandomir.

The report seems to show that the German forces which crossed the Vistula in the region of Ivangorod, in an effort to outflank the Russian army which is facing Cracow, have been driven back. The important fortress of Ivangorod, it adds that the Russians are holding this district and that the unfavorable conditions as far as locality is concerned, has on the contrary, declared that the Russian position on the left bank of the Vistula is now secure.

Reports Are Conflicting.

Of the progress of the battle in Galicia, the Russian and Austrian reports are conflicting in direct effect. The Russians says the Austrians have failed to cross the San River, and that the Austrians are taking the offensive, while near Przemysl the Russians repulsed numerous bodies of Austrians.

The Australians, on the other hand, claim that their attacks are progressing and that the Russians would be driven out of several places. It is thought here that the Austrian report refers to a battle that is taking place further to the south or southeast, but that in the main part of the whole operation to get the Russians out of Galicia and threaten their flank.

Quiet in East Prussia.

In East Prussia, the situation seems to be at a standstill. The Servians report success in their drive across the Drina river and their capture of Losnica, while the Montenegrins are continuing their attacks against Austrians.

LATEST NEWS FROM THE BATTLE FRONT

LONDON, Oct. 21—11:10 p.m.—A despatch from Berlin received here tonight by the Marconi Wireless Company says: "It is reported that Ostend is being bombarded by the British fleet."

ROTTERDAM, Oct. 21—6:30 p.m.—A great battle is now raging between Lille and Ostend, according to despatches received here this afternoon. The despatches add that the situation of the allies is considered eminently satisfactory by them.

AMSTERDAM, via London, Oct. 21—7:05 p.m.—The Telegraf learns from Sluis that the allies were successful after a bombardment of Roulers in West Flanders and that the allies now occupy that town.

GERMAN ARTILLERY HEAVILY BOMBARD ALLIES' POSITIONS

Especially Fierce Fighting is Reported From the District Around Lille

By Bulletin Leased Wire.

FROM THE BATTLE FRONT, via Paris, Oct. 21, (2.36 p.m.)—The Belgian army, with the English channel on its extreme right, is showing a marvellous fighting spirit, despite its long and hard campaigning and the bitterness of the loss at Antwerp and other large cities.

Notwithstanding the bitterness of the struggle which has been in progress all along the front for the last few days, the Belgians, along with the allies, have rebulked many violent German attacks.

Today, as on yesterday, the German official report says, was a bombardment on the allies' positions, but the Germans were severely repulsed in counter attack and forced the infantry to cover for nearly five miles.

Far down the line to the left, the French were closely engaged with the Germans.

Three French sharpshooters performed a brilliant feat of daring. A bridge, the possession of which was of the greatest strategic importance to both armies. The Germans made a casualty dash in order to seize the passage, but the Frenchmen waited a mill 75 yards away, poured their machine guns into the Germans until the latter retired, leaving the bridge in the hands of the allies.

Around Lille, where the British are in action, there has been fierce fighting, especially in the region of La Bassee, which threatens the Germans communications. Fierce fighting has been very severe between the long lines of trenches connecting the sister towns of Roubaix and Tourcoing. In a baker shop one of the Germans found that there would be no almost suffocated.

In the centre, the artillery action continued today without cessation, several German trenches were captured.

UNIVERSITY STAFF ENLIST FOR THE WAR

Prominent Men of Saskatoon Will be in the Second Contingent

By Bulletin Leased Wire.

SASKATOON, Oct. 21.—Prof. R. J. Bateman, M.A., and Prof. Louis Breithaul, M.A., B.E., of the University of Saskatchewan, have offered their services for the second contingent. Prof. Breithaul is a graduate of Leipsic and J. Eadon Reany, bursar of the university, also has enlisted, as also have the students of Emmanuel College and half a dozen law students. The chairs of the universities will be kept open for them and they will receive half pay from the university during their absence.

Frank McLorge, a local barrister, and son of Archdeacon McLorge, also enlisted as a private, as well as W. Rooks, Lloyd and Arthur Lloyd, sons of Rev. Principal Lloyd, of Emmanuel College. The professors, students and other well known men in various walks of life were all medically examined last night and duly sworn into the active service. Today they will go with the contingent now being raised.

BRITISH SHIPS HAVE DONE WONDERFULLY ACCURATE SHOOTING

By Bulletin Leased Wire.

PARIS, Oct. 21.—At the French military headquarters there was an hour of great expectancy today. Reports had been current, and generally credited that the German attempt to mount their heavy artillery along the coast to bombard Dunkirk and Calais from British gunboats which are supporting the land operations of the allied line has utterly failed. The German submarines have succeeded in preventing any accurate shooting from the fleet and for the artillery of the naval brigade now in action.

LARGEST LOCK IN THE WORLD

SAULT STE. MARIE, Mich., Oct. 21—At 3 o'clock this afternoon, the United States launch Gladden, led the first of crafts through the new third lock, which is to be known as the Davis lock. The new lock is the largest in the world. It is 1,350 feet in length, 80 feet wide and has a water depth of 31 1-2 feet. The first boat on the lakes may pass through this lock, loaded to its capacity, without touching the gate sill as has happened frequently in the past in the Weitzel and Poe locks.

Edmonton Sends Good Luck Message To British Navy

At the close of the celebration of Nelson's great victory at Trafalgar in McDougall Methodist church last night the following telegram was forwarded to Right Hon. Winston Churchill, first lord of the admiralty:

Churchill,
Admiralty,
London.

Thousands present at distribution of Strathcona Nelson Shields through British and Foreign Sailors' Society, lieutenant Governor presiding, send good luck to navy. Confident Trafalgar can be repeated.

HALL,
Senior Chaplain.

CELEBRATE GREAT VICTORY WON BY BRITISH FLEET

Eloquent Addresses Given Last Night by Dr. Tory and Rev. Alfred Hall

The educational and musical festival under the direction of the education department of the province in McDougall church last night to celebrate Nelson's great victory at Trafalgar, drew a large crowd despite the counter attraction of the parade of volunteers.

On the arrival of His Honor Lieut.-Governor Bulyea, who acted as chairman, he was met by a detachment of the boy cadets, who formed a guard of honor and escorted him to the chair.

In addition to being a celebration of this great historical event, the meeting was held for the purpose for the presentation to the university, colleges and schools of the city of the Nelson shields generously provided for by the late Lord Strathcona, through the Canadian national branch of the British and Foreign Sailors' society of London. The presentation of these shields to the different schools was made by his honor, the lieutenant-governor, and as each school received the splendid trophy they were heartily applauded.

An excellent patriotic address was delivered by Dr. Tory, who while outlining the great victory which had been won for England and for freedom and liberty by Nelson at Trafalgar, maintained that a war equally as important to the whole world was being waged today and in the present conflict civilization would be won by the allies, as a victory for Germany would mean the turning back of civilization at least 500 years.

Rev. Alfred Hall, senior chaplain of the Sailors' and Soldiers' society of Canada, who spoke on behalf of the British and Foreign Sailors' society and outlined the manner in which these historical trophies, through the generosity of Lord Strathcona's work, were being presented to the various colleges and schools throughout the Dominion, and enlarged on their significance from a historical and tryal standpoint. Before the close of the festival, and on behalf of the society which he represents, he presented Dr. Tory, the man who had this day, by his eloquence done his duty to the society with a handsome silver made of stirling from the good ship Victory. A similar presentation was made to Lieut. Gov. Bulyea for presiding at the meeting.

Hon. J. R. Boyle, minister of education, moved a vote of appreciation for the generosity of the late Lord Strathcona, to be sent to Lady Strathcona and the family. The motion was seconded by Walter Ramsay, chairman of the school board.

Excellent solos were rendered by P. K. Gilbert, Mrs. Richardson and given by Miss Gertrude Trotter, while the audience was entertained by the splendid school chorus under the direction of J. M. Eagleson.

MEAT SHORTAGE IS THREATENING DUAL MONARCHY

Total Supply is Believed to be Inadequate to Meet the Demands

By Bulletin Leased Wire.

VIENNA, Oct. 21, via Paris, 1:50 a.m.—Austria and Hungary are confronted with a serious shortage in their meat supplies, according to information received here. Although the cattle in Austria and Hungary have risen considerably during the past fortnight, the livestock offered in the public markets has been far below the quantity required for the normal demand, and the prices continue to rise. The situation is further aggravated by the necessity to provide meat for the troops at the front.

The fact that higher prices have failed to attract larger supplies of livestock to the markets is taken to indicate that the total stock of cattle in the dual monarchy is hardly adequate to meet the present extraordinary demand, and there appears to be no immediate likelihood of being able to increase imports of cattle, the situation is regarded as serious.

CARDINAL BACK AT MALINES.

THE HAGUE, Oct. 21, via London.—Cardinal Mercier, archbishop of Malines, who took refuge in Holland some weeks ago, has now returned to his native city. He had advised all Catholic refugees to follow his example.

CANADIANS PROUD TO DECLARE CITIZENSHIP OF THE BRITISH EMPIRE

Sir Charles Fitzpatrick Delivers Eloquent Address Before American Bar Association at Washington on Subject "The Constitution of Canada"—He Asserts Canada's Pride in Being Part of Great Britain, a Nation Which Keeps Sacred Its Covenants and Maintains Its Plighted Word

By Bulletin Leased Wire.

WASHINGTON, Oct. 21.—Canada's pride in being a part of Great Britain, a nation which keeps sacred its covenants and maintains its plighted word," was asserted tonight by Sir Charles Fitzpatrick, chief justice of the Dominion of Canada, in an address here before the American Bar association on "The Constitution of Canada." Sir Charles' speech was the feature of the night session of the association. Hundreds of guests were present during the afternoon to hear the chief justice make a pilgrimage to Mount Vernon. The association adjourns tomorrow.

In describing the growth of the Canadian colonial system, Sir Charles recommended upon the German system of colonization. "The German government," said he, "apparently has not discovered that there can be no colonial enterprise where the colonist is couched of his rights and liberties, and this may account for the fact that the German emigrant today selects the United States, Canada, or South Africa, where freedom is worshipped, for his field of enterprise rather than the German colonies in South Africa, where freedom is worshipped, but not to the advantage of the people."

"We glory in her literature and her laws, her poets, artists and statesmen.

"In the zenith of her power and glory, when the Roman empire included within its limits all the known civilized globe, the highest boast of the Roman citizen was 'Civis Romanus sum,' so, without disparagement or offensive criticism of any nation, I am a Canadian, viewing ourselves as an integral part of the British empire, and proud to declare our citizenship in the great mother of nations—a citizenship which is dear to us, sacred covenants, to maintain its plighted word, is willing to give up its treasure and to sacrifice the lives of the best and noblest of its children. We love it because we live in it, we honor her, and we reverence the memory of those who die to save her."

Tells of Visits of Cook To His Farm Near Wainwright

George Nokes, Truck Gardener, Was Principal Witness For Prosecution at Murder Trial Yesterday Afternoon—Is Put Through Severe Cross-Examination by H. H. Robertson, Attorney For the Prisoner

Assertions by George Albert Nokes, a truck gardner living some two and a half miles south of Wainwright, that he had seen Thomas Gilbert Cook on May 15 and 16 at his farm, a considerable from the direction of his farm toward the town of Wainwright and that on each of these occasions the automobile had passed his place at 4 o'clock in the afternoon, were a feature of yesterday afternoon's session of the trial of Cook for murder. Equally as startling was the complete discomfiture of the witness at the hands of Robertson in his cross-examination for the defence.

Nokes made these statements:

On May 17, a Sunday, I saw Cook in his auto going to town. Two men were in the back of the car. I did not see who they were.

On Sunday, May 15, at 4 a.m. I saw Cook alone in his auto coming from the direction of Bellis and going to town.

About June 2, I saw him going south from his farm.

I saw Cook stop at his farm one evening at 9 o'clock. A girl was accompanied by two men. He stopped in the road and, after talking a few minutes, turned his auto around and went back to town. This was about June 7.

I saw Cook the next Sunday when he passed my place. He was coming back a few minutes later.

Nokes identified Mr. Robertson for other dates. Nokes said he could not remember Cook calling upon him approximately the date of the preliminary trial at Wainwright.

On Tuesday, May 19, did you remember these days on which you saw Cook?" the lawyer asked Nokes.

Had Kept List of Dates.

To the astonishment of everybody, Nokes drew from his pocket a little book in rotation. Nokes even went further. To prove his statements, he pulled two sheets of paper out of his pocket and handed them to Mr. Robertson. On them was a long list of dates on which the witness stated he saw Cook.

Nokes was trapped into one strange admission, although he himself probably did not mean just what he said. The witness had been asked by several people in Wainwright, naming them, had declared he was the biggest liar in the district. Nokes, naturally, declared this was untrue and that he had been asked to appear only for an account of a talk he had with Cook on May 19, the day Cook was in jail at the time of the preliminary hearing. Nokes had told Ackroyd about the talk he had had with Cook on the dates on which he had seen him.

"Sure I said that," replied Nokes, "but I didn't want Ackroyd to know what I knew."

"So you told him an untruth?" was the lawyer's query.

"Then your reputation as the biggest liar in the district is not to be questioned by your evidence here?"

"Yes," was the unexpected reply of the witness that caused a laugh in the court room.

Kept Diary of Events.

Nokes, in reply to many questions, explained that he had been in the habit of letting many things down in a book in his home. He had torn all the pages written on out of this book and copied down his notes on Gilbert Cook "in rotation." The remainder of the book he had left at his home. He assured the court the book with the dates was not in his pocket, contrary in his room. The witness could not state what the men in the auto with Cook looked like. "I don't even know whether they were white, black or red," he declared.

One item on Cook's memoranda was:

"May 28 or 29—Again saw Cook driving mare and buggy by himself going south at 4 o'clock p.m."

"Why did you not tell the court this item?" was asked Mr. Robertson.

"I would have, if I had thought about it."

"How can you say that Gilbert Cook passed your place when he was in Wainwright on those dates?" was the next question, to which there was no reply.

When First Became Suspicious.

Nokes explained that he had first become suspicious of Cook in connection with the disappearance of Crawford when Cook's brother-in-law Orford was missed. He had gone into Cook's shack and found Cook had mysteriously gone, and also had heard that "Bill" Cook was sick. He did not see Cook again until Christmas as he had seen him only that morning at Cook's shack when he was sick.

From that time he kept his record of Cook's visits to his farm and near Cook's farm to "see what he could see."

BELGIAN ARMY IS BRAVELY FIGHTING WITH THE ALLIES

For Past Four Days Has Been in Trenches Holding 18½ Mile Line

By Bulletin Leased Wire.

LONDON, Oct. 21.—In regard to the announcement of the gallant fighting done by the Belgian army as officially announced by the war office, the press bureau has received from the front a more detailed description of that army's work which will be read with pride in the hearts of many Belgians who have had to flee from their native land and by those who remain behind in the hope of finding temporary rest and shelter.

"For the past four days the Belgian army has been in the trenches holding a line of some thirty kilometres (18½ miles) and is displaying a determination against heavy odds. On several occasions they have made brave and successful counter attacks against German forces attacking the position they hold, and have shown the soldier-like qualities that have distinguished the Belgian army during the long period they have been fighting against superior forces of the enemy in their country."

LEGISLATURE WILL PROROGUE THIS AFTERNOON

Busy Day Spent in Cleaning up Odds and Ends of Legislation—Considerable Discussion Takes Place Over Number of Government Measures

Prorogation of the provincial legislature did not take place yesterday, after the although an agreement had been previously reached to this effect, it was decided early in the day that such a proceeding was impossible, and so at six o'clock, after all the public bills had been disposed of, it was decided to meet again this morning at 10:30, so as to clear the large number of private bills off the slate. Some of these private bills may provoke some discussion, but the important point is to come up in connection with the Calgary and Edmonton charter, the taxation of some subdivisions which were taken into the city some years ago, the question of freezing taxation to be decided involves the principle of allowing the city to declare the aldermanic debentures. For the most part, however, the bills will likely pass without opposition and prorogation will likely take pace this afternoon.

Bills Get Third Reading.

The following public bills received a third reading yesterday: No. 45, an act respecting circuses and shooting shows; No. 46, an act to amend the pool room act and amendments thereto; No. 24, an act to amend chapter 13 of the statutes of Alberta, 1908; No. 25, an act to amend the school ordinance, the school assessment ordinance, the school grants act, and the school act; No. 35, an act to amend the educational tax act; No. 36, an act to amend the rural municipality act; No. 38, an act to amend the statute law; No. 50, an act to amend the land titles act; No. 51, an act respecting proceedings to secure payment and satisfaction of claims on mortgages, encumbrances, and agreements for sale; No. 61, an act respecting the Alberta and Great Waterways railway operating timber limits.

The following private bills also received a third reading: No. 4, an act to incorporate the Athabasca Valley Railway Company; No. 5, an act to empower Grander Collieries, Limited, to construct and operate railways; No. 9, an act respecting the Chestermere and Calgary Suburban Railway Company; No. 10, an act to amend the act incorporating the Central Canada Railway Company; No. 11, an act to enable the town of Bassano to dispose of certain lands.

Amendment to Groard.

An important amendment was made to the Central Canada Railway Company's act, which gives authorization of the branch line to Groard. The clause formerly read that the line was to run to Groard. The amendment, as adopted, states that the line is to run to or through Groard. The time limit of construction is also two years instead of five.

Considerable time took place over a clause in the village act affecting the powers of the electors. They contended that the only qualification was the one in the way of taxation, so that the owners could pay according to the mill rate, and provided however to allow the clause to stand.

What is a Lawful Fence?

There was also considerable difference of opinion over an amendment to the statute law, which gives the municipality power to define what a lawful fence should be. Deeside said some municipalities had decided in favor of a one-wire fence. The government's object was to bring up and give a uniform definition. The question was an important one in connection with damage suits. Hon. Wilfrid Gariepy, however, stated that the amendment was to be left out of the clause, which was allowed to stand.

Another amendment to the statute law on which there was no discussion, states that "no wages, salary or other money due to a laborer shall be paid by his ordinary or former employer to any person or persons other than the laborer or servant of the crown shall be liable to seizure or attachment."

Other amendments to the statute law included extensions of time for the construction of several railroads guaranteed by the province.

Mr. Hoadley reminded the government of the promise made last year with regard to the construction of the Calgary and Edmonton line, and inquiries, in reply, said that lines on which work was not started next year would be cancelled.

SEES GREAT CHANGE IN RUSSIAN ARMY

Well Known War Correspondent Says Enormous Progress Made in Ten Years

By Bulletin Leased Wire.

PETROGRAD, Oct. 21.—The well known war correspondent and writer, Novoye Vremya, has been spending in the Russo-Turkish and the Russo-Japanese wars, communicates his impressions of the Grand Kosrtovo. He says:

"One must be blind not to see the enormous progress that has been made by Russia and the Russian army in the last ten years. There has not occurred a single disgraceful scene such as those that sullied the Manchurian campaign.

"There is no waste of strength. Everything is in order and everybody performs and is the friend. Russia has now a sober, self-sacrificing army, also controlled by a modest and unassuming officer corps. Without need to describe the Russian officers of drunkenness, the reproach now applies most certainly to the Germans.

"The Russian troops are today like porcupines, going into battle in a solid line, having dined meagerly. Water is the usual beverage of their Spartan board.

TELLS OF VISITS OF COOK TO FARM

(Continued from Page 1.)

reported that she well was filled and stated he had noticed the manure over the well on Friday or Saturday.

Leased Cook Farm.

Arthur Geo Wheaton had leased the Cook farm from Cook a year or last April 19 on a year's lease with a purchase that the homestead would take in case the owner sold the farm. Wheaton had lived on the farm much, as others had worked it for him. He told of the oats in the stable. There was no hay on hand by Cook but there had been a dozen or four loads of hay on the farm. He really disposed of them until the week after Crawford's visit was finished. Wheaton explained the fact that Cook knew these oats were still there and he would know that Wheaton or some one else might come along and try to take those things pulled the Manchurian campaign.

John T. Fraser, a mason, who lives a mile or more from the Cook farm, acting on instructions from Wheaton and how on April 8, took the pump out of the well and had taken Wheaton's furniture and that there was of it, from the house. On April 10 he had taken the rest of the house and given it to Max Cook, a brother of Gilbert Cook.

Cook said he heard Cook say anything unfriendly about Crawford, and that was about all. Both Cooks were talking and Cook said to Thomas Bin, he only knew Crawford by name, evidently referring to the lumber Crawford sold. Fraser had thought nothing of the remark at the time and did not believe there was any special animus in it at that time. Referring to a report that the price of lumber had shortly after a thousand Mrs Crawford started in the lumber business and had gone to again after Crawford's discharge. He took the he was in the habit of buying lumber from the Edmonton Lumber Company, of which Cook was manager, and had noticed no such fluctuations in prices in the lumber he bought.

Morning Session.

Direct evidence was given in the supreme court yesterday morning in the trial of Thomas Gilbert Cook on a charge of murdering William A. Crawford at Wainwright, that on the morning of the 9th of May, the date on which the crime is supposed to have been committed, Armstrong, the brother-in-law of the dead man, was in the Crawford residence.

Henry Percy Armstrong, who on May 10, was Miss Andrews, told how she had received from a message that evening at ten o'clock, and from half past ten or a quarter to eleven o'clock until after midnight the writer was at the Crawford home, to his room shortly after ten o'clock, and was calling in loud and unusually strong camp upstairs. The time, he thought, was about midnight.

The unusual part of the morning's evidence was that when Armstrong began to become a defence of Armstrong. He evidence proved that Armstrong was at home on the night of the crime, late on the evening of May 11, when Crawford disappeared, and that Cook has yet been brought out directly connecting Cook with the crime.

A. G. MacKay, K.C., for the defence, in his cross-examination of William Howard, a farmer living about a half miles north of Wainwright, attempted to show that Armstrong, with his democrat, were out in the bush on Main street near the Crawford residence shortly before midnight. Howard had told of driving into town late that night. He was coming in to take his wife home from a meeting of the Eastern star lodge. He left home about eleven o'clock and arrived at Main street about fifteen minutes to twelve.

Assistance for Settlers in Need

OTTAWA, Oct. 21—Steps are being taken by the interior department to assist settlers in the West who were the crop last summer owing to total failure. Their supplies to be distributed will include provisions for the family, feed for hogs and poultry and fuel. For all such advances the settler will agree to give up his farm. Aid will be given only in cases where investigation shows it is absolutely needed.

Supplies are to be purchased as far as possible from the merchants of the districts affected. There is to be no discrimination between merchants, but if any are found overcharging no further orders will be given them.

May 21 or 22, when he also had seen wagon tracks in the muskeg yard. Prescheel tracks looked like those made by a democrat. He had told Arthur McGuire, his brother-in-law, of what he had seen. On Saturday, May 16, when he had driven through to Cook farm on his way to Edmonton, he well was as it had been for a month past.

Alberta Whole Heartedly With Empire in the War

There was an inspiring patriotic demonstration in the provincial legislature yesterday afternoon, when Premier Sifton moved a patriotic resolution, which was in the form of a motion, in effect, of the stand the province is taking with regard to the European war.

The resolution, which was seconded by Mr. Michener, leader of the opposition, was unanimously agreed to by a standing vote, and all the members then joined in the singing of the National Anthem.

The full text of the resolution is as follows:

"That the Legislature of Alberta in session assembled, hereby desires to put on record its unanimous and unqualified approval of the action of the Government of Great Britain and Ireland with respect to the recent international crisis that has plunged Europe into the most stupendous war in the history of all history.

"We desire to commend their whole-hearted efforts to prevent war and to assert that was no longer possible, to limit its area. But we especially desire to commend them and to loyally pledge them our support in their prompt and courageous determination when the issues passed out of the domain of argument into the arbitrament between might and right, to do battle for the integrity of small, outraged states, and to vindicate the public law of Europe.

"And further, this Legislature desires to express its solemn pride that as many men of Alberta have responded to the challenge to British arms and fair play with such splendid unanimity and such enthusiasm, and that the women of Alberta are actively collaborating with the women of Canada in the merciful work of providing comforts for the soldiers in the fields and medical aid for those wounded in the performance of their dreadful duty.

"And further, that this Legislature commends and ratifies the action of the Government of Alberta for its timely and appropriate gift to the British Government, and pledges its support to all subsequent contributions from the resources of the province for the purposes of the war, as may be deemed necessary and within the power of the province to make.

"And further, that it be ordered, that a copy of this resolution be duly forwarded to His Royal Highness the Governor-General of Canada, with the humble request that the same be conveyed to His Majesty the King, accompanied by an expression of our appreciation of the noble sentiments of His Majesty's message, and our deep devotion overseas, an assurance of our sincere attachment of his arms and those of his allies in the Titanic and unprecedented struggle, and our prayer for the lasting peace of Europe and the continuity of democratic civilization."

TWO GREAT CONFLICTS STILL IN THE BALANCE

(Continued from Page One)

cut points of the world. The German cruiser Emden again has been hog in the Indian ocean, despite the unofficial last week of her supply ships, and has sunk four British steamers and a Russian, and captured two other vessels—the steamers Exford and St. Egbert. The latter was allowed to proceed to Ceylon, British India, with her passengers and crews of the vessels she destroyed. The report of the operations of the Emden does not include the Zafiro, which, with the Indian Prince and was bound from Yokohama for New York, was disposed of.

In the Adriatic, where the allies' fleet were attacking Cattaro, there has been nothing between the French cruiser Waldeck Rousseau and Austrian cruiser since the engagement of Wednesday. According to the Austrian official report of the battle, the warships "safely escaped." Austrian submarines have sailed Austrian waters unmolested, and destroyed some transports.

In the Baltic, it is reported there has been an engagement between torpedo boat destroyers and submarines. No details of the fighting has been received here.

Naval Battle in Baltic.

Italy has decided to remain out of the war, but she has notified the powers that she may send a message to Belgium, offering her services in the chaotic conditions prevailing in that country.

A revolutionary outbreak occurred in Portugal today, but was promptly suppressed.

Portugal To Give Available Aid.

LONDON, Oct. 22.—Information in the Portuguese source in London is that the Portuguese government has given full information to Great Britain and was prepared to employ all her available forces, wherever and wherever necessary, by the side of the allies. Portuguese troops concerned recently, and it is expected here, some action will be taken in that direction.

The Belgian refugees are beginning to return from Holland to their own country, especially to the city of Antwerp. The German military authorities, it is said, have ordered all German civilians to leave Brussels owing to its being a base of operations there.

Great Britain is adopting stricter measures against German and Austrian subjects in this country. Many of the men will be sent to detention camps.

BORDEN'S LETTER TO PELLETIER ON HIS RESIGNATION

Expresses Profound Regret Over Resignation of His Nationalist Colleague

Ottawa, Oct. 21.—The following expressive letter was addressed in French by Sir Robert Borden to Hon. L. P. Pelletier on the occasion of his resignation as postmaster-general:

"My Dear Mr. Pelletier: It was with the greatest regret that I learned last evening of your decision to tender your resignation as a member of the government. The consideration of your health is the only one which could induce me to accept it. I regret most keenly the necessity which obliges you to withdraw from active participation in the public affairs of the country in which during the past three years you have given so unreservedly and with such signal success your great ability and energy. My memories of our association as colleagues will always be of the happiest, and I desire to express my very deepest appreciation of the loyal support and assistance which you have given me. I hope that you shall carry to H. R. H., the Governor-General, regrets and considerations of health prevent you from continuing to be one of his advisers. My colleagues and I have read your letter, desire me to express to you their profound regret at your resignation. It is their earnest hope, and especially mine, that the time may soon come when you will now enjoy from previous public duties which you have discharged so successfully will enable you to resume your customary health and vigor. In the not distant future, With kind remembrances, believe me,

"Faithfully yours,
(Signed) R. L. BORDEN."

AROUND THE CITY

(From Evening Edition.)

A Silver Grey Fox was captured in the lumber yard of the Park Lumber and Planing Co., this morning at 9 o'clock, after an exciting chase around the yard. The fox ran under some lumber and was captured by Hector McPherson, D. Wood and J. Grant. The fox is now on view in the lumber company's office on Jasper avenue.

Struck By Automobile—A little girl named Helen McNeish was injured on Norwood Boulevard yesterday afternoon by being struck by an automobile. She was riding on the back of a truck, jumping off and to the side and in front of the car. She was knocked down and had her right ear badly torn, besides receiving some minor bruises.

The Grant Brook Marble Company, which began operations in May last has shipped five cars of marble to Winnipeg and has twenty men at work in the quarries. An extension railway, 1,800 feet long, has been built from the G.T.P. track at Grant Brook, west of Jasper, to the quarries, and a complete establishment and plant for operating the quarries has been installed.

JASPER TOWNSITE SURVEY

Mr. Maxwell, chief superintendent of Dominion Parks, has received plans of the recently surveyed town site of Jasper, which indicate that the developments there would do well to accommodate a population of 5,000. The lots are 50x100. The streets are 99 feet wide and the avenues 80, with the exception of Pyramid and Miette which are 100 feet.

HOMESTEADER SENTENCED.

Isaac Hamilton, a homesteader in the Andrew district, appeared before Inspector Jennings, of the Mounted Police, this morning and was sentenced 90 days on a charge of procuring a team of horses from the Great West Livery, and a wagon, plow and harness from C. H. Beale & Son, under false pretences. The man secured the goods on lien notes and then sold them to others and afterwards endeavored to dispose of the outfit.

RELIEF FUND $15,300.

Up to date, $12,300 in cash has been paid into the treasury of the relief committee of the city. This is exclusive of the amount which comes from the government source. The total amount subscribed to the fund is $15,300, explained, but it is considerably over $16,000, the bulk of it being payable in July next. Mayor Mills and Chief Fisher says they are continually receiving donations from different sources, many of them unsolicited.

IN THE POLICE COURT.

In the police court this morning, L. E. Lamothe, of Mount Pleasant, were charged with running lotteries. They were the owners of two stores. After hearing the evidence the magistrate reserved judgment. The charge arose out of the fact that the defendants were operating prize boards, such as are seen in many cigar stores. On making a small purchase the patron is given the privilege of punching a board and drawing out a number which may or may not entitle him to a prize. In the case of the defendants the purchaser was given a pencil for the dime it cost to take a chance, if he preferred to take the pencil.

INDUSTRIAL ASSOCIATION.

The luncheon of the Industrial Association at the Empress Cafe at noon Thursday promises to be of unusual interest and of great practical value. The principal address of the hour will be given by Dr. Jean Blue, who has secured as speakers Martin Brazil, M.P.P., Cardston, and J. G. Turgeon, M.P.P., Ribstone. Mr. Brazil will speak on the subject "Crop Status of Agriculture in Alberta," and Mr. Turgeon will address the meeting on "Land Tenure in Alberta."

For the past few weeks postal card notices of the meetings have not been mailed the members as the officers are anxious to avoid every possible item of expense at this time, members are requested to look for notices of meetings in the daily press.

GRAIN BEGINNING TO MOVE.

Grain movement in Alberta, says the C.P.R., says that while hard work is being done to get the crops required for their work on the railroads, there is also a great rush for jobs, as there has been on previous occasions, while for a few days following the close of the harvest there is a falling off in the offering of employment.

STEAMER REPORTED SUNK.

LONDON, Oct. 21.—A despatch to Lloyd's Agency from Horwich says: "The steamer Brussels reports that she saw the steamer Antwerpen off Cork sink in the North Sea. It is supposed she struck a mine, but crew probably were saved by a torpedo boat, which was seen to leave here."

Hints on Hair Health

If you use our treatment, we will either stop your hair from falling or pay for the treatment ourselves.

Dandruff is a contagious disease caused by a parasite, which if not removed causes baldness. The hair-like cells soon form a comb or brush belonging to some animal.

If you are troubled with dandruff, itching scalp, falling hair or baldness, we believe that Rexall "93" Hair Tonic will do you more good than anything else. In order to remove the dandruff germs, you must kill the germs that cause it. Rexall "93" Hair Tonic is the only preparation we know of that will kill the germs and stop falling hair, destroy the dandruff germs and cause a new growth of new hair.

We believe that probably 65 per cent of the cases of baldness could be overcome if people would only use Rexall "93" Hair Tonic for a reasonable time, as directed.

We don't want you to take our word for this. We want you to try the merits of Rexall "93" Hair Tonic at our risk. If you use it and it does not give satisfaction, at your home, as directed, and tell us, and we will immediately hand back to you the money you paid for it. You promise nothing and we have been and never word will be taken for it.

We are dependent upon your confidence and patronage, and we would not make this offer, or make this offer if we did not believe that Rexall Hair Tonic is the very best hair preparation you can use. Two sizes of bottles, 50c and $1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:

Many of those families whose boys have gone to the front have received addresses from Pondfarm, Salisbury Plains. All have arrived safely and the camp is one great picture of military activity, drilling and training for the coming fight. The boys feel that they have now really started in that great work of the defence of the Empire.

A bride who held her post-nuptial reception on Tuesday afternoon was Mrs. Mosher, whose husband is a member of the faculty of the University of Alberta.

Mrs. Mosher wore a pretty Parisian creation of oriental silk draping pink satin—the bodice adjimmer with iridescent diamente. She carried white chrysanthemums. Receiving with her was Mrs. Tory, richly gowned in black lace with lavender garnitures—a picture hat. She carried pale mauve chrysanthemums.

In the decoration scheme of the tea table green and white were pictures, touches. A tall silver of crystal vase adjoom with white roses centered the Florentine lace square. Four small vases of roses added their touches of charm. Here Mrs. Bryce J. Saunders and Mrs. Howard Douglas were to preside. Assisting were Miss McPherson, Misses Marjorie and Beatrice Saddler.

Scores and scores of callers made their way to the handsome home to greet the bride, who is well known here, especially to the old Calgary and Banff crowd.

ADDRESS ON BETHEL FLAG.

At the little talk given by Rev. Mr. Hall yesterday afternoon in the public room of the Hudsonia, the speaker dealt with the Bethel flag, its picturesque origin and its association with the religious motto of the men of the sea. Capt. Wilkins designed it 100 years ago. The speaker suggested that a practical way to show appreciation of the way in which the sailors are guarding the North Sea, funds might be raised for them by the purchase of the sailors' flag. Mrs. Ewing introduced the speaker in a happy little speech. His Lordship Bishop Gray was also present.

Relief Work in City

At the monthly meeting of the United Aide held in the Civic block, Tuesday it was found that the machinery of the organization was running very smoothly. Working in conjunction with the welfare league the council had not to eternally furnish itself with the question "Where shall we get the funds for this case?" A number of visits have been made to families scattered at intervals in large tracts of the city. Cases were investigated, these to be reported to the Welfare League. In one instance, of a man who with a family, who has been onious work for a time—a recommendation will be put forth to the league suggesting that he be helped to go to his homestead in the country.

The sewing circle of which Mrs. Ellis is convenor will break up into bees to mention different sections of the city to cut rompers and dresses, garments for children and grown-ups of the lower population. Mr. Davidson of the Welfare League has promised to finance this venture directly the ladies are ready. In the meantime the women's council mean to carry on their visiting and investigation.

THEATRES AND MUSIC

By G. TEN WRIGHT

"IN AND OUT" NEXT PANTAGES HEADLINER.

The headliner for the week at Pantages' theatre starting on Monday next is Walter S. Howe and company in Porter Emerson Browne's comedy success, "In and Out." Neither Mr. Howe or the sketch need any introduction to patrons of the local house. Both of them have come over the time before with great success and should repeat again this season. "In and Out" is one of those comedy playlets which contains a laugh in every line. Embodied in it is a lightning like transformation scene which is quite surprising and Walter Howe and his company can be depended upon to get the most out of the sketch.

Harry Comer will be seen in a whirlamologue. While the Wayne Trio will present a cocktail of songs and dances. The added attraction for the week is a whirlwind acrobatic act by the Two Bob Amer Arabs. This is an unusual novelty and should please Pantages patrons.

Bellrish and Bellrish should satisfy the music loving patrons with their act entitled "The Musical Dairy." While war pictures will conclude the performance.

UNIVERSITY NEWS NOTES.

Twenty high school pupils entered the provincial high school debating league. When the local debates, the district contests, the semi-finals and the finals are all over there will be considerable development in the debating talent of the students of the high schools of the province of Alberta.

Forty centres have applied for extension lectures, which are being arranged by the extension department of the University of Alberta. By means of these lectures, most of which are illustrated, the department of extension is going much to extend the advantages of a university education far beyond the grounds of the university itself.

A large number of applications have been received by the department of extension for the use of their lantern slides. These slides deal with many interesting subjects and include a series on the present war. This series will be continued and kept as up to date as possible as long as the war lasts.

The registration at the university now totals about 360 and is ahead of what it was at this time last year. The stragglers which will yet register this fall will no doubt make the total registration up to 400 students.

Lectures in accountancy have begun in the intermediate examinations and as soon as there are enough registered for the course leading up to the final degree of chartered accountant classes will be opened for the final course in accountancy.

Law lectures are progressing at the court house in both Edmonton and Calgary under the auspices of the university. Two permanent lecturers have been engaged and besides leading local lawyers give lectures at each city.

The department of pharmacy at the university has now an enrolment of nine students.

The students of the department of medicine at the university are doing well and making good progress with their five year course. Twenty-five are registered in the first year and fifteen in the second year. The forty medicos are busy with their medical studies. It may not be generally known that at Edmonton so many young men are being educated for the practice of the medical profession.

The north wing of the Pembina hall the southernmost residence building, is now in use and adds to the capacity of the university.

INTERNING ALIEN ENEMIES.

LONDON, Oct. 21.—Austrian and German subjects of military age who since the beginning of the war, have been allowed their liberty in England unless they rested under some suspicion, are to be interned in detention camps. This action of the government is necessitated, it is said, because of the facilities offered German spies to enter the country with foreign refugees on the pretense of being Belgians.

CLUBS AND CLUB LICENSES BEFORE THE LEGISLATURE

Mr. Tweedie Charges Government With Not Having Courage of Its Convictions

The government's policy in relation to clubs and club licenses came in for severe criticism at the session of the provincial house yesterday morning. Under the proposed amendments to the liquor license ordinance, the license fees for Edmonton and Calgary clubs will be raised from $300 to $1,500; fees for Medicine Hat and Lethbridge clubs from $100 to $600, and fees for Macleod, High River, Calgary Country, Edmonton Country, Medicine Hat Country, Athabasca and Redcliffe clubs from $250 to $500.

Mr. Tweedie moved that the clause be struck out. He took the ground that the government should have the courage of its convictions, if it had any, and legislate the clubs out of business in the ordinary way, instead of putting them out of business indirectly by means of prohibitive fees. Some of the clubs were run on proper lines but there were others that were merely gambling and drinking dives. For the sake of legitimate clubs, the others should be closed up without any hesitation whatever. It was the duty of the attorney general's department to see that clubs were run as respectable institutions.

Hon. Duncan Marshall thought clubs should be prohibited from selling any "booze" whatever.

Several of the opposition members wanted to know why hotel license fees remained the same. Hon. C. R. Mitchell said the hotels were required to furnish board and accommodation.

Mr. Ewing thought it was ridiculous to cancel club licenses in Edmonton when 29 bars were selling liquor.

The motion to strike out the clause was defeated, and the bill was reported.

Paris, Oct. 21.—Col. Klein, attached to the third French army corps, reports that his men have buried the son of Field Marshal Von Moltke.

ANARCHY IN ALBANIA

Rome, Oct. 21.—Anarchy reigns at Avlona, Albania, according to the newspaper Giornale D'Italia, owing to the struggle between the Christians and the Musulmen. Famine also adds to the difficulties of the situation.

JOHN HOWEY, Editor. A. WEST, Manager

THURSDAY, OCTOBER 22, 1914.

The commissioners have discovered that some one has been stealing the light globes from the Civic Block. That indicates bad judgment, as well as bad morals. Light cannot be more needed anywhere than it is at the City Hall.

Premier Asquith and his associates in the British cabinet, together with prominent members of the opposing political party, have been addressing meetings for several weeks now for the purpose of concentrating public attention upon the prime need of the moment, and so gaining recruits for the army. It would be a fine expression of imperial spirit, and also a most useful stimulus to recruiting in Canada, if Premier Borden and his associates, with prominent members of the Opposition, had been likewise employed. The initiative in such leadership properly belongs to the Government. That Sir Wilfrid Laurier and his lieutenants are ready to co-operate is abundantly evident. Why do the Ministers not follow the British lead?

The Legislature has amended the License Act relating to clubs. The amendment increases the license fee but does not make any distinction between social and saloon clubs. The regulation of the sale of liquor in clubs admittedly offers a difficult problem. So long as the sale of liquor is within the law its use in clubs cannot be prevented. Any number of men can club together and purchase and use liquor under some mutually satisfactory agreement, whether they have a charter to sell liquor or not. The only way to prevent the use of liquor in clubs is to prohibit its sale, not so much by the club as to the club. So long as the general sale of liquor is permitted there is no sufficient reason why regulations should be framed that would debar social clubs from its use, or unduly burden them in its use. At the same time permission to sell liquor at all hours of the day or night without the conditions required in the public interest to be those of an hotel license is a gross imposition on the public in general and on the licensed hotels in particular, and has actually led to such abuses as resulted in the cancellation of most of the licenses. The club license law frankly puts all clubs on the same footing, as though they were all licensed saloons, while as a matter of fact some are social clubs and some are licensed saloons. The law should not treat a body of men who meet chiefly for social intercourse and use liquor as an accessory to that intercourse, as it does the proprietor of a club who simply exercises saloon privileges under its protection. There are difficulties in the way of making a sufficiently well defined distinction in law between the two very distinct classes of clubs. But if instead of levying a saloon license on all clubs—which contemplates a corresponding sale of liquor by the clubs—the law provided that club accounts might only be paid weekly or monthly, and a certain number of days after the last item of the account had been incurred, there would be no saloon clubs, while actual social clubs could be conducted as they are conducted in most other countries. So long as the Government looks to club liquor licenses as a source of revenue so long it must expect that saloon clubs will exist and that the ordinary social club will tend to increase their sales of liquor as their license fees are increased.

Canadians are not anxious to enlist just for the sake of enlisting. They are, in thousands, ready to enlist if enlistment means that they will be sent where the fighting is to be done. Otherwise prudence and patriotism alike suggest that they stay with their jobs and keep the wheels of production and business turning briskly.

One hundred years ago the British fleet smashed into atoms the naval power of a great military chief who had made himself despot of France and dictator of Europe. The one hundred and ninth anniversary of Trafalgar day finds the British forces on sea and land fighting in alliance with those of France to save France from another and worse despotism and Europe from a more powerful and equally relentless dictatorship. In that lies the hope that when another century has passed the forces of a free and peace-desiring German people may be found arrayed with those of Britain and France in defence of human liberty against aggressive tyranny.

The Journal wants the Provincial Government to take some action against the Alberta Herald on account of alleged seditious articles which have been published by it. The Militia Department at Ottawa having assumed the duty of preventing the publication of seditious matter, it is up to the Militia Department, and not to any Provincial government, to enforce compliance with the proprieties of the situation and the standard of conduct the department has set up. It was not the Roblin Government of Manitoba but officials of the Militia Department who arrested Knox Magee and confiscated an issue of his paper. If the Alberta Herold is engaged in spreading seditious doctrine it should be dealt with—not by the Provincial authorities but by the department at Ottawa which assumes and exercises the duty of regulating the conduct of newspapers in all that relates to the war. So long as any newspaper is not interfered with it has a certificate as to character and conduct from the Militia Department.

The German people are not a brutal people. They are notably a home-loving, child-loving folk. It is impossible, therefore, to attribute the outrages that have been committed upon women and little children and wounded men to any native inhumanity in the German soldier. The responsibility for those awful deeds of barbaric cruelty must be placed upon the general staff or the army commanders. It can only have been in obedience to direct orders from headquarters that German fathers and sons and brothers were compelled to do things so revolting to every sentiment of manhood. That such orders even from headquarters were obeyed is, of course, inexplicable to any man who has not been schooled from the cradle to crush his personal feelings and to obey blindly and unquestioningly any and every command of a military officer. It is another and most ghastly proof that in Germany the war lord is a deity whose word must be obeyed, the private a machine whose whole duty and responsibility are embodied in instant and unquestioning obedience. The German soldier is not supposed to think or feel; is not allowed to do so. His only recognized instinct is to obey, and so long and so thoroughly has he been drilled into obedience that there is seemingly no limit at which he would refuse to obey. The fidelity of the German soldier makes it necessary to suppose that if ordered by a military superior to mutilate his own child as he has done Belgian children he would do it without protest and without permitting himself one impulse of fatherly feeling. Such is the diabolical power that the instinct of obedience to military authority has attained over the lives and thought of the German people. It is to be hoped that when this war is over the official fiends who ordered this carnival of outrage may be identified and hanged; and that the infernal doctrine they have instilled into the minds of a naturally humane and noble people may go with them to the pit whence it came.

The business of a government is not merely to collect taxes and spend them. It is also a government's duty to give leadership and inspiration to the thought and conduct of the nation, especially in a time of grave crisis. It is to be hoped that Premier Borden will take his cue from the course of Premier Asquith in Great Britain and Premier Botha in South Africa, will assume the leadership in concentrating the thought of Canadians upon the fact that the fate of the Empire is in the melting-pot, and so give impetus and direction to a national effort proportioned to our resources of men and money.

When Europe was at peace the Dominion Government wanted to put thirty-five million dollars' worth of dreadnaughts into the North Sea, while making no provision for the protection of Canada's coasts and sea-borne commerce. Now that Europe is at war the same Government declares that its first concern is to protect Canadian territory, which is not threatened and cannot be threatened if the war in Europe does not go against the allies, and which the handful of Canadians cannot keep from being devastated as Belgium has been devastated if the allied armies go down to defeat in Europe. This is not criticism. It is only a statement of unprejudiced fact.

We have been taught, with a persistency not altogether kind to those who have got beyond the meridian of life, that this is the young man's age. It is interesting, and will be consoling to the men who can no longer claim youth, to note the ages of the men who are leading the armies in the battlefields of Europe. General Von Emmich, the captor of Liege, was 66; General Von Kluck, who conducted the advance almost to the gates of Paris, is 68; General Von Hausen, who has just been given the command of the Saxon army, is 68; General Von Heeringen is 64; General Von Einem is 61; General Von Buelow, in charge of one of the assaulting forces of the German army, is 68, and General Von Moltke, chief of the general staff, is 66. On the Allies' side, Earl Kitchener is 64; General Smith-Dorrien is 56, and General Sir John French, commander-in-chief of the English forces in the field, is 62. The three most prominent French generals, Joffre, Pau and Gallieni, are each nearing 70. Young men, of course, are doing the physical part of the fighting, but it is the older fellow who are telling them where, when and how to do it.

IMMIGRATION OFFICER WAS KILLED BY HINDU

Vancouver, Oct. 21.—William C. Hopkinson, chief assistant to Malcolm Reid in the immigration inspection service in Vancouver, was shot in the Vancouver city hospital on George's street, this morning, by a Hindu.

Hopkinson, who was a Hindu interpreter, was killed instantly. His assassin was immediately arrested by the police. It appears that Hopkinson was standing in the main corridor of the court house, near the witness room, when a party of Hindus passed by. A man named Mewa Singh is believed to have done the shooting.

SOUTH SIDE MARKET

The farmers are now finding time to come to the South Side market. The hay market was crowded with loads yesterday, the first time for quite a while that the supply was in excess of the demand. It will keep the price of hay steady. The fine weather has allowed the potato crop to be dug and the high price of last week has encouraged the farmers to bring them in. Prices for potatoes were quoted by the farmers from 60 to 75 cents per bushel. From now till freeze up, some of the farmers will try to get rid of their surplus crop of potatoes, but others are arranging to hold theirs for the rise they feel is bound to come later in the fall and winter. The following retail prices are quoted at the South Side market: Vegetables—Potatoes, 60 to 75c per bush.; cabbage, 1 to 1-2c per lb. or 5 to 10c per head; carrots, 1 1-2 to 2 per lb. or 3 bunches for 10c; cauliflower, 5 to 20c per head; onions, 6 to 10 lbs. for 25c, or 3 bundles for 10c. cucumbers, 10c per lb.; lettuce, 5c per bunch; tomatoes, green, 4c per lb.; ripe, 10c per lb.; parsnips, 1 1-2c per lb.; garlic, 20c per lb.; sage, 5c per bunch; summer savory, 10 to 15c per bunch; mint, 5c per bunch; horse radish, 20c per lb. Produce—Butter, 25 to 30c per lb.; eggs, 25 to 30c per doz.; chickens, 18c per lb.; dressed geese, 13c per lb. Hay—Timothy, $10 to $12 per ton; upland, $7 to $7.60 per ton; slough, $6 to $6.50 per ton. No green feed offered. Fuel—Coal, $3.50 to $4 per ton; wood, $2.50 to $3.50.

OWES HER LIFE TO "FRUIT-A-TIVES"

Cured Both Stomach Trouble and Headaches

PALMERSTON, ONT., JUNE 20th. 1913.

"I really believe that I owe my life to "Fruit-a-tives". Ever since childhood, I have been under the care of physicians and have been paying doctor's bills. I was so sick and worn out that people on the street often asked me if I thought I could get along without help. The same old Stomach Trouble and distressing Headaches nearly drove me wild. Sometime ago, I got a box of "Fruit-a-tives" and the first box did me good. My husband was delighted and advised a continuation of their use.

Today, I am feeling fine, and a physician meeting me on the street, noticed my improved appearance and asked the reason. I replied, "I am taking Fruit-a-tives". He said, "Well, if Fruit-a-tives are making you look so well, go ahead and take them. They are doing more for you than I can".

MRS. H. S. WILLIAMS.

"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for $2.50, trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Yale's Recent Success Is Attributed to Modern Canadian Methods Used

Criss Cross Runs and Passing on the Half Back Line Had Notre Dame University Bewildered Last Saturday—Before Coach Hinkey Adopted the Canadia n Style of Play it Was Considered Rank Heresy For a Half Back to Pass the Ball

The possibilities of Canadian football tactics, when applied to the American game, were demonstrated at New Haven, Conn., on Saturday afternoon, when Yale University overwhelmed the strong Notre Dame eleven by a score of 28 to 0, incidentally sending the Westerners home sad, defeat in three years. So confident were Notre Dame graduates of their team's chances for victory that they raised a pool of $5,000 to wager on the result of the game, and Eli's sons are buying new neckties with the money this week.

The victory is interesting to Canadians because Coach Frank Hinkey of Yale was one first to introduce Canadian methods into his plan of attack, and in order to become fully versed in the new style imported a delegation of five Hamilton Tigers to give first-hand information. As a result Yale has two best record to date of any of the Eastern colleges, and the undergraduates are feeling hopeful of taking the measure of Harvard when the big final is met.

The following paragraphs from a Chicago despatch to the Canadian Daily describing the Notre Dame game are worthy of reproduction here, if for no other purpose than to show the Canadian players who wish to introduce the snap-back system into the game that there is little fear to find with the Canadian game when Yale and Harvard are adopting the salient features of the Interprovincial Rugby Union's style of play.

The Chicago Tribune says:

Succumbing to the most versatile attack either the east or the west has seen upon the gridiron in many years, the fighting Irish of Notre Dame went down to a 28-0 defeat on Yale field this afternoon. The Yale attack was no more powerful, it simply was versatile to the nth degree, while Notre Dame had developed. And because of Eliz ability to mix up on the line and were swept off their feet in the third period after having held the Indians practically even from the kickoff to the first half.

"In spite of the fact that they were out-generalled and consequently outplayed, the fighting Irish met Yale at its own game, and never once. Then it was inevitable that defeat would be their portion, showed a sign of falter-

"Outplayed? Yes. Outfought? No. The triumph of Yale is a distinct feather in the cap of Frank Hinkey, this year's head coach. Convinced of the futility of the system that has been in vogue for years past in New Haven, he has introduced a new method. To the forward pass which Harper, Stagg, Yost, and Sheldon made famous in the west, Hinkey has added the Canadian rugby passing system, which opens up the game still more and in the end, again, is capable of so many variations as to make the attack almost unstoppable.

"Two, three, sometimes all four of the back field men handle the ball quick-trawling down their opponents' goal line from an identical formation. Even when they are carrying the ball is about to be tackled he will toss the pigskin to a running mate who is not in immediate danger of an opponent.

"Hinkey himself gave thirty-four plays can be started from it. It is a game that has wonderful possibilities and when men have practiced drills, as the quartet of Yale back field players have, to handle the ball as accurately as they do, it becomes to all intents and purposes, unfathomable.

ALBERTA COLLEGE WON.

After six attempts to break the soccer tie, Alberta College and Robertson College met on Tuesday afternoon, and the former team pulled out a win to a 2 to 1 score. Woods of the winning team was the star, he got the goals while Sindler and McLaughlin were responsible for the other. The following is the line up of the winning team:

Alberta College—Goal, Riddell; backs, McDonald and Taylor; half backs, Sindler, Noakes and Barber; forwards, A. McDonald, Wood, Young, McLaughlin and Brenner.

Robertson College—Goal, Intercollegiate soccer league with one victory, and a draw; Alberta College league second with a win and a defeat, and Robertson College third, with one defeat and a draw to its credit. The scheduled game takes place on Friday afternoon between Varsity and Alberta College.

HOCKEY TEAMS SHOULD PREPARE FOR '15 SEASON

Annual Meeting of A.A.H.A. Will be Held in Less Than a Month's Time

With the annual meeting of the Alberta Hockey association to be held in Edmonton in less than a month's time, it behooves the local teams to get their men lined up, and delegates to the meeting prepared to represent the local hockey situation in a little of detail, and the meetings do not even know yet whether they will have a rink to play on. Shorty Campbell is negotiating for the exhibition season on for the lease of the arena, and if the amalgamation is successful for military training purposes it will probably be available for the hockeyists. Otherwise all the games will have to be played at the south side rink in the city, which is only fairly big rink in the city.

Last winter the Edmonton Canoe club has taken over the Dominion franchise the Pirates did not enter and finally closed the matter yet, and a meeting is to be held this week to consider the question. The players who have been in the championship running for the past few years, and won senior honors in 1913, have not yet definitely announced what team they will play with this winter or not, but as nearly six of last season's team are available, it is likely they will be on hand for the action again. The intentions of the Pioneers are not known but Doc. Carmichael, now in the military hospital at Calgary, will be badly missed from last year's Northern division championship line up. Varsity are also in the senior ranks this season, and a very good team right now.

There have been many suggestions regarding this year's hockey, one being to follow Calgary's example and confine all the energies to one senior team with the intention of making a championship team. This is the present hold in Regina. The only drawback to this procedure is a lack of competition, and the detrimental effect it would have on the players and trainer, and all the players paying strict attention to their condition. Edmonton has material in the city right now to make a creditable showing. Many of last year's intermediates are ready for senior company, and there is no doubt but that Whiteley and Elliott of the Pennant intermediates are ripe for advancement.

Gerald Baird and Dinny Manners of the 1914 Dominions are anxious to play hockey in Edmonton this winter, while others available are Buck Neat, Barney Stanley, Dawson, Hall, Reid, May, J. Sutherland, N. Sutherland, Steele, Knowlson, Den, Gordon, Lom, Rivard, Donachie, and a dozen others.

G.T.P. BOWLERS WON TWO GAMES FROM C.P.R. TEAM

Lowness of Scores Was Counterbalanced by Enthusiasm of the Contestants

The representatives of the three transcontinental railroads seem to be the only bowlers showing any pep these days, and they are holding games weekly at their respective alleys. Last night the G.T.P. office staff took two games out of three from the C. P. R. office staff, and also won on total pins, 1868 to 1735. Rutnagel was high scorer for the Grand Trunks, and he hurled a belt at the Canadian Pacific crowd that will be worn by the lowest man's pond expert, and credit is due the man who has scheduled league competition to unbold the humor of McKenzie and Mann. The crowd made the following scores last night:

G. T. P. Office Staff—			
Peden	167	129	186— 377
Rutnagel	197	169	194— 560
Deane, C.	190	119	143— 362
Bonny	92	78	161— 274
Allen	159	155	175— 489
Totals	511	550	674—1735
G. T. P. Office Staff—			
Rose	129	140	96— 325
Wilson	178	153	128— 451
Hicks	97	101	102— 302
Young	97	104	102— 303
Fewier	77	152	125— 326
Totals	623	626	569—1868

G. T. P. won 1868 games.

MITCHELL vs. HODGE.

Con Jones, Vancouver, is planning a 3,000 bowling tournament to commence on Monday, Nov. 9th, when five crack teams will compete for a prize of $1,500. It is expected Con will swing together Jim Mitchell, Calgary, and Marsh Hodge, Vancouver, two of the best bowlers in Canada, to compete in a series of games for the dominion championship. When Mr. Jones is speaking to his friends he should not overlook Jimmy Hoult, Edmonton, one of the best all-round bowlers in Canada. Jimmy could get a bet of backing to beat either Mitchell or Hodge.

HOPPE OPENS AT MONTREAL BY BEATING INMAN

Results of Two Blocks of Balkline Billiards Was 1000 to 140 —English Billiards Tonight

By Bulletin Leased Wire

MONTREAL, Oct. 21.—Commencing the third of a series of matches for the world's billiard championship at the Arlington alleys, Willie Hoppe, the champion of the United States, defeated Melbourne Inman, the English champion, at 18.2 balk line billiards by a score of 1,000 to 140 in the first two sessions this afternoon and evening. Hoppe won the first block of 500 points in the afternoon by a total of 500 to 62, and in the evening he scored 500 against Inman's 74.

In both sets Hoppe's 50 better form than in their recent match in Chicago.

In the afternoon game Hoppe's high runs were 106 and 91, and his average was 9.2. Inman's highest was 16 and his average 5.8. In the evening Hoppe made high runs of 129, 104 and 91, and an average of 50, while Inman's best was 21, with an average of 7.8.

CHARLIE M'CARTHY KNOCKED OUT CURLEY HUME AT MONTREAL

Charlie McCarthy, a blonde youth who once played full back for the Edmonton Eskimo rugby team, but who is known as a wonderful boxer by the Bassans and Calgary Shermans hockey teams, was consumed out in the Montreal Hockey association on Monday he appeared in Montreal with his brother Frank and entered contests to play with the Canadien and Montreal Hockey associations this season. In the contests he made his debut as a boxer and was hopeful to Curley Hume, also a former Edmontonian, was a shome. Curley, who is not in form for the game, landing lefts and rights on the latter's body, when opportunity offered. A left swing that sent Hume to the mat, where he remained until the referee had counted him out.

The Montreal Herald, speaking of the bout, says: "Charlie McCarthy can do as well in the N.H.A. as in the shown, but as a fighter he is a confirmed volume of Stanley Ketchel."

CHRIS. IRGENS BEAT DR. YOUNG AT THE EMPIRE

His Run of 25 is High to Date in Tournaiment—Three Cushion Game This Evening

Chris Irgens played classy billiards in his game with Dr. Young at the Empire billiard hall last night, winning by 150 to 89 and taking the lead in the semi-finals of the handicap. Irgens played fine position in all his runs, his best being a string of twenty-five points, which is high run to date in the tournament. Hard luck dogged Dr. Young's footsteps, and no record got going.

Tonight there will be a three-cushion game between George Sharp and Dr. Young, the first of the three contested tie for the prize offered for last week's competition against Billy Ryle.

Last night's scores:

Irgens, 150; high runs, 11, 14, 25. Young, 89. High runs, 7, 9

Referee—Mr. Ryle.

EDMONTON OWNERS TO COMPETE AT CALGARY TURF MEET, SATURDAY

Edmonton horsemen are taking a lively interest in the fall meet of the Calgary Turf club which will be held on Saturday and Monday next at Victoria Park. H. W. Plant, Kinkaid block, Jasper E., has entered Scotty and Ancestors, and Tommy Cummings has entered Dolly and Dolly City from south. There are also largeur races for Dr. Dowling, Dr. Donald and Mr. Vance, Edmonton, have made several entries.

There is about 10 running horses available there is a movement on foot to have the Edmonton exhibition association hold a fall running meet and with a large entry list practically assured, there will be handsome purses. Calgary would ship north, a two day meet would be just as great a financial success as the spring races.

BASEBALL WAR MAY BE ENDED FRIDAY NIGHT

Federals Certain Peace Will be Declared—Chicago Syndicate to Purchase Cubs

By Bulletin Leased Wire

CHICAGO, Oct. 21.—James A. Gilmore, president of the Federal league, and E. S. Gaze, of Indianapolis, general counsel for the league, today received authority to conclude their departure for New York to attend the baseball meeting, the confabulation on Friday.

Charles Weegbman, president of the Chicago club of the Federal league, was authority for the statement that all differences between organized baseball and the Federals would be definitely adjusted at the New York meetings.

Weegbman's downfall is cause for tears. Weegbman said, and owners, although determined to bend to no man, would not stand for his harassment, whereas club owners of the National, American and Federal leagues could operate in harmony.

Garry Thomas, president of the Cubs, today confirmed the report that certain Chicago business men whom he refused to name have an option on the team.

"These people of them; they are friends of mine and if they take the Cubs they will retain the presidency," said Thomas.

COUNT ALBERTA OUT.

Ralph Patterson, president of the Western Canada Hockey union, has decided he will not wait for the Alberta league to decide what action membership and will probably order the winners of the Regina-University of Saskatchewan game to play off in Winnipeg with the winners of the Brandon-Vic-Tigers game. With Alberta competing it would mean a final game on New Years and Mr. Patterson considers this out of the question.

BILL JAMES DEFEATED.

Pitcher Bill James, star of the Boston Americans, will meet the $125,000 Boston infield and Hank Gowdy's hitting during the present tour of the Boston Braves-Athletics All-American. In the opening game at Milwaukee James was beaten by Jack Coffey, and was beaten 6 to 3. James fanned five batters, but was hit hard and his errors were bit heavily. Hoolitzel made three doubles off James.

WILLIAM WAS BEATEN

Cleveland, Oct. 21.—Directum I. holder of the world's pacing record, scored his second victory over William here this afternoon in the third match within a month for the pacing supremacy of the world.

Directum won easily in two straight heats.

The best time was 2:01 1-4. His first victory over William during the series was at Columbus, Ohio, two weeks ago, when he established a world's record of 1:58. In their first meeting here four weeks ago William won easily, taking three straight heats.

JACK TAYLOR BEAT E. FENBY, EDMONTON, IN WRESTLING BOUT

SASKATOON, Oct. 21.—Jack Taylor tonight won the heavyweight wrestling championship of Canada by taking two out of three falls from Ernest Fenby of Edmonton. Fenby won the first fall in 1 hour, 11 minutes, on a crotch and scissors hold, which occurred in two minutes and 30 seconds. Fenby had his neck wrenched. After twenty minutes' rest, the third match was called, which Taylor won in 8 minutes and 10 seconds.

'SCONA TEAM WON BASKETBALL GAME YESTERDAY

Victory Ties up the League and Necessitates Play-Off With McDougall Commercial

A play off will be necessary to decide the championship in the intermediate basketball league, as Strathcona High school defeated McDougall Commercials at the south side gymnasium last night in the deciding game by a score of 15 to 8. Both teams finish the season with a record of four games won and one lost, and final home games will be played to-morrow night, the Strathcona team on the indoor court at the university next week. Last night's game was fast, and in fact the rivalry for the second place, which will be played outdoors next week.

Last night's game was very exciting Strathcona jumped into the lead in the first period and at half time the score was 9-2 in their favor. In the second half the Commercials braced and their score crept up until they were within one point of their opponents, but Strathcona finally pulled away, winning by 15 to 8.

The standing is as follows:

The first dance of the season of the Sons and Daughters of Norway will be held this evening in the Labor Temple room, corner Howard and Rice. A supper will be served by the Daughters. Everybody is welcome.

Accountants Meet.—A meeting of the Chartered Accountants' Students' Association will be held at the Mc-Pavish Business College, Jasper east, Friday evening next at 8 o'clock. A lecture will be given by C. S. Race, C.A., on "Accoms, Ancient and Modern." All members are requested to attend and also all persons interested."

As a result of a raid by Detectives Kroning, Detective Sergt. Shaw and Detective Boot on Saturday night, three Chinamen were arrested at 87 Namayo avenue in premises occupied by Lee Foo Bell, on charges of having opium in their possession, keeping it for sale and smoking it respectively. Two addresses named Georgie Thomas and Ah Hoover were arrested in connection with the robbery of a man in a shoe at the rear of First street on Oct. 17th.

Technical Students See Legislators.—About one hundred and thirty pupils of the technical school visited the parliament buildings yesterday afternoon and spent some time in the legislative chamber while the house was in session. They were accompanied by W. L. Richardson, principal, and the following members of the staff: Miss Lawrence, Miss Fenton, Mrs. Sisco, L. W. Goben, J. P. Moss and J. M. Cunningham. Under the care of F. E. Bradley, the pupils afterward explored the buildings, the whole tour of inspection with the view of giving them an idea of how the provincial business is governed.

New Y.M.C.A. Members Banqueted.—If last evening's entertainment given the new members of the Young Men's Christian Association is a criterion for the future similar events which are planned for each month during the coming season the association will soon merit the calm it has been said to lend a social centre for young men. About 50 new members were banqueted in the association parlors room. The tables were laden with a good substantial supply of provisions and ten young ladies waited upon the young men. The chairman for the evening was T. C. Davis, chairman of the social committee of the association. After the introductions which were somewhat unique, each boy and gentleman "rose and told being for a name, address and occupation, the program was continued. Two minute addresses were made by W. J. Green, the new General Secretary; Rev. Dr. McQueen, Rev. A. W. Duff, Rev. Mr. Davis and Dr. Armstrong. Miss McKinley rendered a very beautiful solo which was appreciated by all. A. S. McGougan, who has come to the city, is certainly an acquisition to the musical circles of Edmonton. His two patriotic numbers were enjoyed. A solo by Lee in her most pleasing manner entertained the company with two delightful piadies and was the recipient of great applause. E. G. Duncan the social secretary of the association, in a few words thanked those who assisted in making the evening such a success. The singing of "It's a Long Way to Tipperary" was with much vigor. The evening's entertainment was concluded by singing "God Save the King."

BABY SHOW YESTERDAY.

Twenty-three babies were entered in the baby show held yesterday afternoon at the Mechanics' hall, 10462 street, under the auspices of the Brotherhood of American Yoemen. They were all so good that the judges, Drs. Landry and Haines and Mrs. Coles had difficulty in picking the winners. The prize for the championship baby, either sex, was won by Alfred Dalrymple, aged 15 months, son of Mr. and Mrs. J. Dalrymple of 11342 95th street North Edmonton. The first prize for baby boy was won by Jas. Heins, aged 22 months, son of Mr. and Mrs. Heins of 10734 126th street. The next prize for baby girl was awarded to Florence Clark aged 13 months, daughter of Mr. and Mrs. Clark 12092 Second street. The prizes were donated by the Finnish Photo Studio and were valued at $15 for the championship and $7 for the first prize in each class.

ROUGH HANDLING OF HOGS.

E. L. Richardson, Calgary, secretary of the Alberta Live Stock association, in a letter to the Bulletin, says: "There is considerable loss in connection with the marketing of hogs as a result of their being unloaded through rough handling before they reach the packer. In some cases this loss amounts to $300 or $900 a car, and as it is impossible to tell which hogs have been bruised or wounded, it is obvious that the packer will have to protect himself by reducing the price on all hogs to cover the loss on about 30 per cent. of the hogs which are ill-treated. This is a very serious matter for the farmers of Alberta, and every effort should be made to see that this unwise practice is discontinued."

APPEAL COURT.

Judgments in six different appeal cases heard at the present sittings of the appeal court were handed down yesterday, as follows:

In W. S. Connell, plaintiff (respondent) vs. McMillan Bros. & Kenny, defendants (appellants). Judgment of the court was given for plaintiff but a reduction in amount of trial judgment ordered. This was on account of the conversion of a carload of potatoes belonging to Campbell by the defendants, who were consigned to the G.T.P. Judgment for plaintiff for $251.80 with interest from July 1st, 1911 and his costs. The costs of the appeal amounting to $75.00 are to be paid by the plaintiff and set off against his damages. Judgment was concurred in by Justices Stuart, Simmons and Walsh.

The election petition appeal of Henry Tessier, petition (appellant) vs. Gedeon Lessard, respondent was dismissed with costs. Judicial service given by Mr. Justice Simmons and concurred in by Justice Scott and Stuart and Walsh. The appeal was taken from judgment of Mr. Justice Walsh, who upon motion of respondent Lessard dismiss the petition granted the motion upon the ground that the service of a copy of the petition was not properly made.

In the appeal of Thomas F. Caldwell vs. Fraser and J. H. Watts, defendants (respondents), plaintiff (appellant) and Grand (respondents), the unanimous opinion of the court was that the appeal should be dismissed with costs. The parties all lived at Vegreville and action was taken by Caldow for $1,000 damages for non-delivery of 150 flat steers as also by defendants. The action was tried by Chief Justice. It appears that the steers were ready for delivery but were not accepted by Caldow, as he contended that they were not in proper condition for the price offered. It was found that there was no agreement as to this, however, and the defendants had to sell these steers at a reduced price. Defendants counter-claimed for $414.45 and this amount was allowed.

In Alfred E. Hart, plaintiff (respondent) vs. Frederick Brown, defendant (appellant) in which defendant appealed from judgment of Mr. Justice Walsh allowing plaintiff damages of $1,500 for wrongful ejectment from premises near the corner of 96th street and Jasper avenue. Judgment was reserved at the time and Justice Beck dismissing the appeal with costs. The judgment was concurred in by Justices Scott, Stuart and Simmons.

BUST OF NELSON IS PRESENTED TO LEGISLATURE

After the provincial legislature adjourned yesterday afternoon Premier Sifton and Hon. A. L. Roy introduced to the house Rev. Alfred Hall, senior chaplain of the British and Foreign Sailors' society, who in a graceful speech presented to the province a bust of Nelson, England's naval hero. The bust is made of copper taken from Nelson's flagship Victory, and is mounted on a pedestal of real Victory oak, the pedestal being a miniature of the base of the Nelson monument in Trafalgar square, London, with a Lyddeer lion on guard at each point of the compass.

Mr. Hall also presented to Hon. C. W. Fisher, speaker of the house, a silver mace of Victory copper, suitably inscribed.

At the request of Mr. Hall, Hon. J. R. Boyle placed in the pedestal, underneath the bust, a set of the schools in the province of Alberta a concave Nelson shields from the Strathcona school, which Mr. Hall is a corresponding member.

All the members of the house were present at the time, and Mr. Hall was heartily thanked for the gifts.

TRAFALGAR DAY CELEBRATED BY BIG PROCESSION

Marching to martial music furnished by the Citizens' and Newsboys' bands, and the pipers of the Edmonton command of the League of the Covenant, rank after rank of enthusiastic Britons celebrated last night the 109th anniversary of the Battle of Trafalgar. Thousands lined the principal thoroughfares through which the procession passed.

Four mounted men of the city police rode by the head of the parade, and behind them marched a detachment of police on foot. The Legion of Frontiersmen were out in force, in their uniforms of khaki with slouch hats and green "cow-boy" handkerchiefs. Edmonton's Boy Scouts, all well represented, the letter carriers' company parading with them. The city firemen had their place in the line, and the motor equipment, sirens strong, were distinguished by their great carriage and soldierly bearing, notwithstanding their lack of uniforms and equipment.

The fancy of the crowd, however, was caught by the detachment of boy scouts, recently organized, who had their older brother-in-arms. The flags of the allies were borne aloft, each national standard being the object of recognition from the onlookers.

After marching along the principal streets the parade halted in front of McDougall church, and addresses were given by Hon. J. R. Boyle, Dr. Tory, Rev. Dr. McQueen and Rev. Dr. Armstrong and patriotic music was rendered.

EDUCATIONAL WORK IS BIG FEATURE OF DEPT. OF AGRICULTURE

Hon. Duncan Marshall Submits Interim Report of Work Done by His Dept.

Hon. Duncan Marshall, minister of agriculture, makes a progress report for the year of laying on the table of the provincial legislature an interim report covering the work of his department for the current year. He followed out his practice yesterday with regard to the work of the present year, and was thus able to give up-to-date information with regard to the agricultural advancement of the province.

Steady Volume Made.

The report shows a steady advance along the lines of departmental work. The educational work of the department stands out in a notable manner. Fifty-four agricultural schools, which there were nine held during 1914—all good signs that this is a time the farmers and their sons in outlying districts an opportunity to see experiments of the best methods and to learn the desirable and undesirable conformation of live stock and grain. This was possible because Provincials of the best type of each class were shown and a champion draft horse, a champion dairy cow and champion sheep were organized this year.

Fifi Long-Felt Want.

The work in connection with agriculture has steadily justified itself and shows considerable development on a long-felt want. In all 278 schools attended the schools, this being rather more than a thousand persons. A long-felt agricultural population of Alberta, it is pointed out, is a thing that is most encouraging. It is important now that the schools should be kept open and one or two of them not be over-crowded.

The work on the demonstration farms this year has not only been profitable to the farmers of agriculture but has shown some remarkable features in farming. At Medicine Hat the only crop within a few miles of that city was on well summer-fallowed land on the demonstration farm. At Stony Plain the powers of well tilled land to withstand drouth are illustrated. The crops of roots and fodder corn on the farms is an excellent object lesson. The records of a number of the dairy cows have been remarkable, and the sale of pigs and so to whole herds.

The report of the dairy commissioner shows practically seven new creameries established in 1914. The amount of butter marketed by the dairy commissioner for creameries shows an increase of 1,000,000 lbs. or 50 per cent. The total number of pounds of butter fat received by the dairy commissioner to date is 568,500, an increase so far of over twenty-five per cent. over last year.

Game seems to continue plentiful, and the total number of licenses issued will likely run close to $40,000. Prairie fires have not been numerous or destructive.

Poultry Industry Growing.

Not in the history of the province were there so many eggs produced as there were last winter. In one month in the province was grown more rapidly than the poultry industry. In ten years the number of hens in the province has risen from 248,040 to 2,340,221. Never were there more men enquiring about poultry matters. The demand for eggs for hatching and for table chicks has been in excess of the supply from the poultry plant.

A new supplementary brand book, containing about 20,000 brands, has been prepared and will be out in a week or two. A larger number of brands have been recorded to date than last year.

The live stock commissioner reports having issued 1,000 circulars on live stock subjects, and that the live stock industry generally was in a very healthy condition.

The provincial health officer's report indicates that the province generally has enjoyed an exceptionally healthy year.

The publicity bureau notes that the outstanding feature of the year's work so far has been the "back to the land" movement. Of this class of work there is a hard to meet. On the whole the report shows a season of steady progress.

OTTAWA, Oct. 21.—Splendid reports of the recruiting for the next expeditionary force came today to the department of militia. It is evident that already the greater part of the 20,000 Infantrymen have been enrolled at the depots of the different divisional areas.

TROUBLE WITH MUSICIANS.

OTTAWA, Oct. 21.—The immigration department has been called upon to settle a matter regarding the importation from the United States of musicians, brought to Canada to take the place of theatre orchestras which have gone on strike. The attention of the department has been called by representatives of Montreal unions, but it is understood that the decision will also affect Ottawa.

NOTICE

To William Blackburn

TAKE NOTICE that an action has been commenced against Thomas D. Edgar, Ernest J. Lidster, Lindsay Wilson and yourself by William Hepburn, to enforce specific performance of a certain agreement for sale dated the 23rd day of February, 1912, from the said William Hepburn to you and the others, under which agreement there is owing for principal and interest the sum of $1950.35, and in the alternative sale or foreclosure of your interest in the said agreement and for possession.

And further take notice that if you intend to dispute the said claim you must enter an order to that effect and file your appearance with the Clerk of the Supreme Court at Edmonton, Alberta, on or before November 15th, 1914.

MRS. NEWLYWED SAYS:

"I can't imagine how you manage to be dressed by the time your husband comes home on a washday."

MRS. WISE NEIGHBOUR SAYS:

"I use an Eddy Globe Washboard and an Eddy Indurated Fibreware Tub, which keeps the water hot for a long time. No fear of rust. But be sure they are Eddy's."
